FALSE PRETENCE-DEFRAUDING IMMIGRANTS .-

A German named William Rischmuller was arrested on Saturday by officer Prince John Davis, on a bench warrant, charged with and indicted for obtaining moneys, letters of recommendation and receipts of deposit, by fraud and false pretences from Charles T. Petsch, late of Hamburg, who arrived at this port on the 12th inst. in the ship Bacchus, with about 80 German passengers under his care, as their trustee, to take and settle with him at Milwaukie in Wisconsin. Rischmuller, who by some means discovered Petsch's name and trust, went on board the vessel at Quarantine and by representing himself, first under his own name then as Mr. W. T. Schmidt, to whom Petsch had a recommendatory letter, said he was a sworn officer of the Government at a salary of \$75 a month authorized to receive all letters of recommendation, &c. Fascertaining also that Mr. Petsch had receipts from Mr. Slohmann, Banker at Hamburg, for moneys deposited with him to pay passages, expenses, &c. for Mr. Petsch and his religious congregation of immigrants. Rischmuller also represented himself as the agent of the German Society of this city (which he was not) and received in his two-fold character the letters and receipts with transperson the latter bargained with Mr. Pestsch and his 50 immigrants to send them to Milwaukie-at \$2 a head to Albany to be paid here in advance, \$2 each to Buffalo and \$5 each to Milwaukie, to be paid at those places. This done, Rischmullerd manded \$18 more in addition to the former sum for Petsch and his congregation to Albany, which was paid: he then asked for \$1 more, saying it was usual to pay it as ' God's money,' which Petsch also paid. Rischmuller was then to take Petsch to the city to the Prussian Consul instanter, in whose presence the contract was to be ratified; he, however, secretly left the ship, came on shore and no more went on board, and after three days, Petsch being taken to the city on a lighter by another person, fully ascertained Rischmuller's villany, as the latter had also ordered Mr. Schmidt not to pay the balance of the moneys left with Slohmann at Hamburg, he Rischmuller claiming the same. Petsch then complained at the Police, on the 18th the Grand Jury indicted Rischmuller at once, and he is now in prison to answer. He is the same man who some weeks since caused Jacob T. Meyer and Louise his wife and Valore De Roi to be arrested, imprisoned and indicted on a charge of having forged certificates of deposite on the Bank of Hamburg, Germany, with intend to defraud said Bank, and also oharged them with having defrauded him, the said Rischmuller, of a large

Decision .- Jewett and others vs. Roberts and Dunbar .-In this case the Court decided that where the parties reside in the city, it is not sufficient notice of protest to merely inquire of one of the plaintiffs, and not finding the name, enclose the notice through the Post Office. The maker and the other Plaintiffs should have been applied to. A verdict had been rendered for plaintiff. New trial ordered. Sunday, Sept. 24.

POLICE OFFICE .- WRECKERS ARRESTED-Officer Ruckel last evening arrested seven men, Daniel McFar land, Matthew Gordon, Daniel O'Brien, Thomas Orphy, Fine Louis Louis, James Briggs and Charles Bennett for stealing boots, shoes, cloth caps, &c. from the ship Vespasia, at present lying at Pike slip. This vessel was on her outward bound passage to New-Orleans and went ashore near Barnegat. The men were employed to get her off; they succeded and she was towed back to this city, but in the interim the plunderers committed the robbery. All fully committed as property was found on each that was a part of the ship's bales have been taken at 40 a 43 cents. The sales for City

REPRESENTING ANOTHER .- A man who is at present not recognized, yesterday went to Mr. Samanos' store in Wallstreet, and by falsely representing himself to be Mr. Hodges of the Carlton Hotel, obtained a quarter box of Regalia Cigars. He, however, did not pay for them, but desired that they should be taken home, and as the price of the article was only \$3 75, requested that the lad should take \$6 25 change with him as he had left a \$10 bill with his assistant and it would save trouble. The boy started with the cigars and had not proceeded further than the American Museum when the false representative of Mr. Hodges walked up to him, got the \$6 25 change and told him to proceed as he had paid Mr. Samanos the \$10. It is needless to state that on the boy arriving at the Carlton House he found it was all a hoax.

SMALL AFFAIRS.—Lewis Cambridge was arrested and fully committed for stealing two bundles of cigars from the store of Reuben Gagan, No. 57½ Vesey-st.

A House Robben - Yesterday afternoon the dwelling of Mr. John Mix, No. 187 Chambers-st. was robbed and \$95 in money stolen. Suspicion at present alone rests on a colored lad about 14 years of age, but there can be no question but

that others were engaged.

CORONER'S OFFICE.—ANOTHER CASE OF STAR-BING.-The Coroner, this morning, was called to hold an ante mortem examination at the corner of 13th-street and 7th avenue, touching the probable death of a young man named Abraham Barger of No. 62 Amos-street. Barger with some friends were passing up 17th-street last evening about 10 o'clock, and discovered a fracas between two set of followers of engines and hearing that a friend of his, named Drake, had been severely beaten, interfered, when he was stabbed in the left side by one Frederick Isingprise, the knife penetrating the thorax. He was conveyed to a drugistore, No. 147 Sthavenue, and Dr. Nelson called in who dressed his wound and was removed to 13th-street. He lies in a very precarious state and the Jury rendered the following verdict, that Abraham Barger was wilfully stabbed by said Isingprise. Isingprise was therefore arrested and conveyed to the Upper Police Office. We understand that Barger is not likely to sur-

rowdyism in the Department or their runners. WALLACE'S CONCERT.-This musical treat. which comes off to night, will doubtless attract an unusual audience. The enthusiasm which Mr. Wallace's performances excited during his previous visit has not subsided, and the musical world are anxious again to listen to the tones of this wonderful master of the violin and piano-forte. Another attraction which has never failed to draw a full house is also announced-Mrs. Sutton, who will sing some of her most

A public meeting of the citizens of Allentown, Lehigh county, was held on the 5th inst., to adopt measures for the establishing of a Branch of one of the Philadelphia Banks

Money continues very abundant in Philadelphia, but we think, says the U. S. Gazette, the demand for it is slightly increased, in consequence of the activity of trade, and capitalists seem to prefer short loans under the impression that the rates of interest will advance within a twelvemonth. Should the importations continue to increase, such will un-doubtedly be the result.

Sands's Sarsaparities.—Fever is one of the most frequent and dangerous discusses to which the human body is higher in the strain pression is upon the nervous system, then the vessels of the skin become changed, producing drives and barming heat. After this the general system is involved, and the patient sinks beneath the attack, unless relieved by appropriate remedies. Phalon's Tuberose Shaving Cream -The superiority of this Shaving Cream over every other Soup will be apparent on comparison, and when used a few times its own intrinsic value will fully enablish its pre-eminence.—It is more durable, and of a uniform consistence; of an agreeable fragrent smell, and more pleasant to use than any other. For shaving, gentlemen will find this superior to any offered to the public, as it produces a strong lather, softens the beard, and leaves the face delicately smooth and white. It will prove a great desideratum to self-chaving gentlemen, as it does not smart the face, being fine from all alkalies which tend to irritate the skin and narden the beard. Grand Manichord Piano For Tes-From the celebrated manufactory of RUSSELL HAL-LETT, of Boston, (formerly Brown & Hallett.) for sale by the authorized agent at Atwill's Music Repository, 201 Broad-

way. The attention of purchasers is respectfully solicited to an examination of superior order of Piano Fortes, recently received from Boston.

The celebrity of Brown & Hallett is too well known to the profession to need comment, but the subscriber would inform strangers that Russell Hallett is still actively and constantly engaged in manufacturing Pianos, as commenced by the firm some fifteen years since.

engaged in manufacturing fianos, as commenced by the firm some fifteen years since.

Every part of the work is dene at the factory, under his own personal inspection, by experienced workmen only, as he employs no apprentices.

During the past year Mr. Hallett has made very important improvements in the Piano Forte, some of which he has patented. In the Horizontal or square, iano forte, he has an improvement, by means of which, with the use of the pedal, the hammers are made to strike one atting, thus combining the soft sweet tones of the manichord with the power of the grand piano.

The canufactory of which Mr. Hallett is now at the head, has received from the Mechanics' Institute in New York, a medal for the best piano. From the Massachus tts Char. Mech. Association two sil er medals. From the Maine Char. Mech. Association a medal; and from the Philadelphia Frank-Mech Association a metal; and from the thiladelphia Frank-lin Institute a silver medal. Extract from the record of the Franklin Institute, 18:0 — The committee are unanimously of opinion that of all the instruments exhibited, the highest praise is due to one of six octaves, made by Brown & Hallest, of Boston. It is a very small instrument, the smallest indeed in the whole collection, but it tone is superior to any other in the particulars which constitute excellence. It appears to have adequ to strength, and the mech mical execution is altogether workmanlise.
